May 1, 2012

Dear Mr. Little,

Waste Industries requests the following modifications to Permit No. 26-09-T (Waste Industries operated, City of Fayetteville owned transfer station).

1. Authorization to receive recyclables as part of transfer station operations.
  - Section 2.7.2 General Procedures was modified for this addition.
2. Addition of a Sonoco Recycling facility to authorized disposal facilities (for recyclable materials only).
  - Section 2.6.3 Disposal Facilities was modified for this addition.

The attached operations plan has been revised to cover receipt of recyclables on the tipping floor without compromising vector, sanitary, and stormwater controls in place. Appendices and Figures have not been modified and therefore are not included in this package.

Please Inform me directly if further modification or other supporting materials are necessary to successfully complete this modification.

Sincerely,

John Pfleger

## SECTION 1 GENERAL FACILITY OPERATIONS

### 1.1 OVERVIEW

This Operations Manual was prepared for the Fayetteville Transfer Station facility (Permit No. 26-09-T) located at 583 Winslow Street in Fayetteville, North Carolina as shown in **Figure 1**. This document discusses the operation of the transfer station. Refer to **Figure 2** for the general layout of the facility. Waste Industries, LLC is the lessee and the operator. The transfer station is an existing facility (to be modified) that is owned by the City of Fayetteville, North Carolina.

The information contained herein was prepared to provide personnel with an understanding of how the Design Engineer envisioned that the completed facility would be operated. While deviations from the operations outlined here may be acceptable, they should be reviewed and approved by the Design Engineer.

This plan specifically addresses requirements of North Carolina Solid Waste Management Rules *Section .0402 - Operational Requirements*. All personnel involved with the management or supervision of the facility will be familiar with this plan. A copy of this Operations Manual will be kept at the facility and will be available for use at all times.
